

### Looks like a kind of magic

On the 31st floor of the Etihad Towers in the stunning city of Abu Dhabi ELEMENT ONE was able to satisfy the high needs of client NMC National Medical Center - UAE's largest private healthcare provider - under spectacular circumstances and in two phases.

### Phase One

With local partner XLNS Middle East the project's realization time did not even take more than three weeks from the initial offer to the final installation on-site with **MODIS** and **CONVERS**.

As a result NMC declared, that they were extremely pleased about their new Retractable Monitors Made in Germany. Furthermore NMC was impressed by the lightning-fast manufacturing, delivery and installation.

### Phase Two

The next step was to combine and to complete form-fit the visible stainless frames with microphone lifts CONMIC and connector boxes SOCKET X.

So they installed the so called „Silver Line“ - the straight, seamless ensemble of integrated AV technology by ELEMENT ONE.

Installation	2018
Monitors & Components	CONVERS FLEX 173 MODIS FLEX 220 CONMIC SOCKET-X Customized Stainless Frame, „Silver Line“
